ANOTHER GLORIOUS RECORD IN STAMP CAMPAIGN IS EXPECTED

Evidence That Rush County Will Not
Fall Short is Found in First
Official Report

ONE SOLICITOR'S WORK

John O. Hill Gets Pledges Amount-
ing to More Than \$9,000 in
Half a Precinct

MAYS AND HOMER MEETINGS

Subscriptions Close to \$3,000 Raised
in Seven Minutes at Latter
Place

"The wind-up of the War Savings
stamp campaign in Rush county will
result in another glorious record for
the county," confidently declared
the county chairman today as the
final reports began coming in from
the various canvassing districts.

That the county will live up to her
record of generosity and patriotism
as in every past instance, is evident.
The first official report which was
handed to the headquarters office
this morning showed a subscription
of more than nine thousand dollars
in half of one precinct. The re-
markable canvass was made by John
O. Hill and on his list there is tab-
ulated four thousand dollar sub-
scriptions, one six hundred dollar
subscription and four five hundred
dollar subscriptions. The report is
one of the most excellent which has
been recorded in a similar district
in the state, and as a result, an-
nouncement of the feat has been
sent to the state headquarters.

The canvassers and members of
the executive committee have enter-
ed into the last lap of the campaign
with the enthusiasm which alone
guarantees success and with the as-
surance that the entire county is be-
hind them, ready to meet them with
heartily co-operation. The work has
gathered sufficient momentum to put
the county over successfully in the
\$386,000 subscription which must
be raised at the close of Zero day—
June 28.

The work of the special committee
whose work is especially to take
thousand dollar subscriptions was
on in full force today, and with the
announcement from the office of the
county chairman that 50 thousand
dollar subscriptions must be raised
in the city and one hundred and fifty
through the county, the men began
a thorough combing of every section
of the county.

In Anderson township which has
always come to the front in similar
campaigns, the work of canvassing
began today and with an excellent
organization at the head of the
township work, little difficulty is
expected in raising the township al-
lotment.

Meetings are continuing in all
parts of the county in connection
with the stamp sale. Last night ex-
cellent spirit was displayed at both
the Mays and Homer meetings. In
a rousing patriotic address which
was delivered by S. L. Trabue at the
meeting in Homer, the entire audi-
ence was stirred, which resulted in
subscriptions amounting to only a
little less than three thousand dol-
lars being taken in seven minutes.

"The Germans have perfected a

gun which will shoot seventy-five
miles it is true," declared Mr. Tra-
bue, "but the gun of the Americans
back home which is successfully
shooting three thousand miles, is
proving many times more success-
ful. The gun is proving very effective
in building up the morale of our boys
over there instead of breaking down
the morale of the enemy as the guns
of the Boche are doing, and this is
made possible through the generosity
of the people back home, who are
standing squarely behind the boys
on the firing line." The meeting was
presided over by Alba Hurst and
was opened by a Thrift Stamp ad-
dress by Gates Ketchum.

QUESTIONNAIRES ARE WANTED BACK SOON

Legal Advisory Board Asks That
Registrants Come For Legal
Assistance as Soon as Possible

THREE QUOTAS TO LEAVE SOON

The legal advisory board and at-
torneys who assist the board, today
urged that registrants bring their
questionnaires to the court house as
soon as possible if they wanted
help in answering the questions. Re-
gistrants are allowed seven days to
return the questionnaires, but the
board and other lawyers are anxious
to do the work as soon as possible,
fearing that a large percent of the
registrants might wait until the last
day. The local army board sent out
thirty more questionnaires today
and will mail the last thirty tomor-
row. Thirty-one were mailed Tues-
day and thirty yesterday.

The local board today was in-
structed to entrain the Valparaiso
increment of three auto mechanics
next Monday at 10:31 on the C. I. &
W. The Richmond quota of two
mechanics will leave the same day
at 10:35 over the Pennsylvania. The
increment of three auto mechanics,
including Charles Sherman, Virgil
Maffett and Edward Berry, will
leave Friday morning at 10:31 over
the C. I. & W. for the training
school at Purdue university.

MAYOR'S REQUEST

As a mark of respect to the
late John K. Gowdy, I request
that the citizens of Rushville
display at half-mast the stars
and stripes he fought for and
loved so well, during the day of
the funeral service Thursday,
the 27th inst.

A. B. IRVIN, Mayor.

MANY MESSAGES EXTEND SYMPATHY

Telegrams From Political Friends
of John K. Gowdy Are Re-
ceived Today

INDIANA SENATORS WIRE

Mayor Urges Flags be Flown at Half
Mast and Stores Close During
Hour of Funeral

Scores of telegrams extending
sympathy in the hour of bereave-
ment were received today from many
old political friends of John K.
Gowdy, former republican state
chairman and consul general to
Paris, who died yesterday.

Among the messages were one
from Senator James E. Watson,
Senator Harry S. New and Con-
gressman Richard N. Elliott. Sen-
ator Watson will attend the funeral
if he possibly can reach Rushville.
He said in his telegram, however,
that the military appropriations bill
might come up for a record vote in
the senate tomorrow, and if this
should happen to be the case, he
would be unable to come. Senator
Watson was one of Mr. Gowdy's
closest friends.

The funeral will be held tomorrow
afternoon at two o'clock at St.
Paul's Methodist church and inter-
ment will take place in Arlington,
Mr. Gowdy's birthplace. The Rev.
Clyde S. Black will preach the fun-
eral sermon. The casket will not be
opened at the church, but friends
who wish to view the remains may
call at the residence this evening or
tomorrow forenoon.

Mayor A. B. Irvin today requested
that all flags be flown at half mast
tomorrow out of reverence to the
memory of Mr. Gowdy. He said that
this should be done because of the
honor and distinction which Mr.
Gowdy had attained and because
of his love for Rushville and Rush
county.

It was also suggested that busi-
ness houses be closed from two
o'clock until after the funeral cor-
tege leaves for Arlington. Rushville
and Rush county were always fore-
most in Mr. Gowdy's affections, his
friends recalled today, and some tri-
bute should be paid to his memory.

The fact that Mr. Gowdy was
never ashamed of Rushville and al-
ways was proud of the fact that he
came from "the best county in In-
diana" was remembered by his intim-
ate friends today. One recited this
instance:

A Rushville man and his wife were
on their way to Boston for a visit.
Outside of Boston he became ac-
quainted with a man on the train,
who inquired about where he lived.
The Rushville man told the Boston
man, who said that he had heard
of the town, but could not recall the
circumstances. The Rushville man
recited all of the things for which
Rushville and Rush county were
famed, but none of them was right.
Finally the local man remembered
about Mr. Gowdy and told the
stranger he came from the town
where the consul general to Paris
lived.

Then this man remembered that
he had met Mr. Gowdy in Paris at
the exposition and how Mr. Gowdy
had talked at length of his home
town where he longed to be. The
stranger was a Boston manufactur-
er.

SETTLEMENT WITH THE STATE IS MADE

County Forwards \$42,746.85 as
Share of Semi-Annual Collec-
tions, Plus Advancement

\$173,272.64 DIVIDED IN COUNTY

Townships, Cities and Towns and
School Corporations Receive Their
Share of the Taxes

Rush county has made its semi-
annual settlement with the state and
has distributed its share of the
semi-annual installment of taxes
among the townships, city and town
corporations and school corpora-
tions and cities. The state received
as its share \$46,946.85 and the sum
of \$173,272.64 was divided among
the several divisions of the county.

The amount actually sent to the
state treasurer was \$42,746.85 be-
cause \$4,200 had been advanced be-
fore the settlement; \$1,200 of the
state tax and \$3,000 from the bene-
volent institutions fund. The sum
sent was from the following funds:
State tax, \$43,532.78; benevolent
institutions fund, \$9,053.31; state
debt sinking fund, \$5.77; state
school tax, \$17,149; state education-
al institutions fund, \$8,437.28; state
vocational education, \$604.77; com-
mon school interest fund, \$2,849.25;
permanent endowment fund interest
\$17.25; docket fees, \$77.

Although \$173,272.64 represents
the amount due the various divisions
of the county, this sum was not ac-
tually divided because \$7,000 had
been advanced previous to the set-
tlement to the Rushville school city,
and was deducted at the final settle-
ment. The sum of each fund dis-
tributed in the county is as follows:

Township tax, \$9,092.03; tuition
tax, \$36,166.86; special school tax,
\$53,531.87; road tax, \$26,728.54;
township poor tax, \$3,578.21; cor-
poration tax, \$14,748.91; library
tax, \$1,829.98; electric light tax,
\$956.71; additional special school
tax, \$386.16; school bonds, \$21-
176.22; city bonds, \$3,071.92; agri-
culture promotion, \$2.80; prelimi-
nary expenses for free gravel roads,
\$2.43.

The amounts from each fund
paid to the various divisions of the
county are as follows:

Ripley Township

Township tax, \$621.03; road tax,
\$2,389.34; special school tax, \$2-
737.88; local tuition fund, \$1,575.03.

ONE NEGRO IS SENTENCED

John Montgomery Also Fined And
Otis Coleman, Set Free

John Montgomery, colored, of
Indianapolis, pleaded guilty in the
circuit court this afternoon to the
charge of having more than the
legal amount of whiskey in his pos-
session and was sentenced to serve
90 days in the state penal farm and
fined \$250. The case against Otis
Montgomery, who was arrested with
him here last Friday, was nolleed.
The men had 120 quarts of whiskey
in an automobile.

BUSINESS HOUSE IN CARTHAGE LOST

Building Owned by Mrs. Alice White
Burns Down Early Today at
Loss of \$3,000

OTHER LOSSES NEAR \$2,000

Origin a Mystery But is Not Thought
to Have Been Incendiary—
Other Buildings Saved

Damage estimated at about \$4,000
was done at Carthage this morning
early when a business room owned
by Mrs. Alice White and occupied
by Cyrus Rhodes and Mrs. Mosley
was destroyed by fire and surround-
ing buildings were slightly damaged.
The fire was discovered about 12:30
o'clock this morning.

The origin of the fire is a mystery
but it is not believed to be incen-
diary. It started in the rear of the
Rhodes pool room, which occupied
half of the building. Mrs. Mosley
just moved into the other half of the
building yesterday evening and it
was to be used as a residence. A
woman cleaning the side where Mrs.
Mosley lived, had a fire for a short
time, but the blaze did not originate
there.

The building is a half block off
Main street, just back of White's
hardware stores. It was only by the
greatest efforts of the fire fight-
ers that the blaze was prevented
from destroying adjoining buildings.
As it was, the residence of Ed Hen-
ley on the west was damaged to the
extent of \$50 by the paint being
scorched. The roof of the White
hardware store caught fire and was
damaged about \$150, it was estimat-
ed, but the blaze was soon extin-

ITALIANS EXTENDING THEIR GAINS

Repulse Several Counter Attacks
And Clear up Battle Field,
Statement Says

MORE PRISONERS ARE TAKEN

Recuperate Artillery, Arms and Ma-
terial With Enormous Quantities
Captured

GERMAN RESERVES ARE SENT

All Efforts of Austro-Germans to
Concentrate Forces Dissipated
by Italians

(By United Press.)

London, June 26.—The Italians
have scored an important success
in their counter attack, it was learn-
ed from authoritative sources to-
day. In the Grappa sector at one
point they advanced a mile.

With the American Army in
France, June 26.—An American unit
has taken over a new sector in Ger-
man Alsace. Already it has repelled
several German raids. The line runs
through a rugged territory.

Rome, June 26.—Italian forces
extended their gains to Capo Sile
and repulsed several counter at-
tacks, the war office announced to-
day.

"We are clearing up the battle
field," said the statement. "A few
hundred more prisoners have been
taken. We are recuperating our
artillery, arms and material with
enormous quantities of Austrian
materials."

Washington, June 26.—A large
number of German reserves from
France are being sent to that part
of Italy now held by the Austrians,
Rome cables announced today.

Repeated counter attacks by the
enemy against the Italians onslaught
there have been repulsed, the cable
added. All efforts of the Austro-
Germans to concentrate their forces
have been dissipated by Italian
forces.

Successful Raids

Paris, June 26.—A brilliant Amer-
ican operation in Belleau wood
and successful French raids on var-
ious portions of the front were re-
ported today.

American units conducted a bril-
liant operation in Belleau last night,
150 prisoners, including a captain,
already having been counted, the
statement said.

91 Casualties

Washington, June 29.—General
Pershing today reported 91 casu-
alties including; killed in action, 47;
died of wounds, 7; died of disease,
3, died from accident and other
causes, 5; wounded, 22; and missing
7.

J. H. Moore, Montezuma, Ind.,
and J. M. Griffith, Indianapolis, were
killed in action. H. E. Anderson of
Walkertown, Ind., was wounded.

May Return to Defensive

With the Italians in the Field,
June 26.—With the Italians re-es-
tablished on their original ground, it
is a question as to whether they will
continue their offensive or return to
the defensive. Despite the success
of the offensive by the Italians on
the mountain front, it is known that
the Austrians have concentrated
their reserves there and the Italians
may soon be forced to change tac-
tics there.

Austrian losses are now estimated
at 250,000. Of these it is said, that
20,000 were drowned in the Piave.
Two Austrian rifle regiments cover
the retreat.

"Attaboy" Expresses View In Europe of U. S. Soldiers

C. C. Lyon, United Press Corres-
pondent, Home From West Front
Speaks at Andersonville

VISITING HIS FAMILY THERE

"Attaboy"—the cry of the base-
ball fan to his favorite, implying
that he has picked a winner, is the
description of the American boys in
Europe as they are looked upon by
the European people with whom they
have been thrown in contact.

C. C. Lyon, United Press cor-
respondent who has recently returned
from a French front, delivered an
address last night in the church in
Andersonville, which was heard by
hundreds of people, and in which his
praise for the American soldiers and
his story of their bravery and gal-
lantry in action, formed one of the
most interesting addresses which a
Rush county audience has heard
from the lips of a returned corres-
pondent.

Mr. Lyon whose address resulted
from the request of the people in
that vicinity where he is visiting
with his family, has only recently
returned from the firing lines of var-
ious sectors on the western front

and his story of the various phases
of the war is one which held his au-
dience spellbound. He is a brother-
in-law of Ed Scott of Andersonville
and is related by marriage to Mrs.
Mary Bohannon and daughters of
this city.

"Women are directing the affairs
in Paris," stated the speaker. "There
is not a man to be seen upon the
streets of the city unless it might be
a youth of tender years, an aged
man or a soldier whose injuries have
rendered him useless." His story of
the air raids and the long distance
gun raids on Paris told of the calm-
ness of the population under the
strain, the people going about their
duties with the unconcern which
seems almost uncanny.

The effective work of a band of
American troops in one sector where
the correspondent spent several
days was described. "The Sammys"
founded the German positions so
effectively for two hours," declared
Mr. Lyon, "that when they went
over the top and examined their
trenches, they found them deserted
for three lines with nothing there but
dead Germans, overcoats and boots,
which they had left to make their
escape more effective."

REO

Don't You Think This Reo Six Is a Beautiful Motor Car?

WE CONFESS WE ARE PROUD of the looks as well as of the mechanical excellence of this new Reo model.

RIVALS USED TO SAY "Oh, Reos are good cars—no gainsaying that—but our bodies excel in design," etc.

PERHAPS WE DID concentrate our attention on the mechanical features, and sometimes to the neglect of mere outward appearance.

PERHAPS WE DID, but as between the two, which do you prefer, a good car—or a good looking one?

FOR IT IS A FACT that those who "build them to sell" are just as prone to overlook vital mechanical details as we were to ignore the fads of the moment in our body design.

OF COURSE the ideal, at which we aim is a good looking car that is also internally good—and that describes this New Reo Six.

IN EVERY LINE and curve—in all details of upholstery and finish and equipment—this Reo Six is à la mode.

UP TO THE MINUTE in design—while the quality in seen, as well as in unseen places is—Reo.

AND THAT'S THE BEST the world affords.

WE REO FOLK DON'T SKIMP to meet a price competition. Reos are not built to sell at a predetermined price.

REOS ARE BUILT just as well as Reo experience and Reo engineering skill, actuated by Reo Good Intent, can make them. Then the price is set—based on cost plus a reasonable profit.

IN A WORD, the Reo you buy is made just as you would have it were you to write the specifications yourself, test every part and then watch every operation.

SPACE FORBIDS a detailed description here. Besides the car itself tells its own story better.

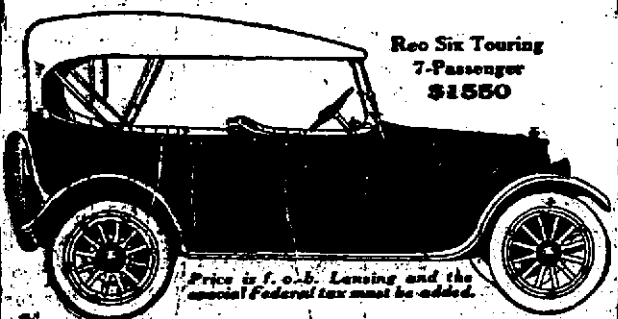

SEE THIS SIX—RIDE IN IT. Drive it yourself—you can, without a word of instruction if you have ever driven any automobile.

THEN LET US HAVE your order at once—for demand is already ahead of factory output and only those who order early can hope to obtain Reos.

TODAY won't be a minute too soon.

Bussard's Garage

HEAVY DRAFT DURING JULY

Calls To Date Are 344,500 Selectives in Month

(By United Press.)
 Washington, June 26—Draft calls announced by the provost marshal general during the last 12 hours show that at least 344,500 men will go to training camps during July. Four calls totaling 124,500 men were announced today in addition to the call for 200,000 issued last night.

Registrants Receiving Questionnaires First 2 Days

ANOTHER GLORIOUS RECORD IN CAMPAIGN IS EXPECTED

Continued From Page 1

The members of the women's canvassing committees expect to complete their districts today. As a result of the request of the chairman, work in every district was begun yesterday morning. The women are doing effective work in every vicinity and are rounding up numerous large subscriptions.

A War Savings stamps meeting was also held at Mays last night and was addressed by Prof. Fox and Paul McDaniel. A. B. Ayers, the district chairman, and the county chairman attended.

All amounts to your credit June 29th at 8 P. M. begin to draw Interest July 1st.

AMERICANS HAVE STRONG NERVES

NERVOUSNESS AND NERVE TROUBLES ON THE DECLINE

"Nothing wrong but your nerves," is a saying that is fast dying out in this country. While nerve trouble is no organic disease, one of our leading nerve specialists remarked: "A man or woman might better break a leg than have a shattered nervous system."

Overwork and worry drains the nerve cells of their reserve strength and food, and then follows the sleepless night, indigestion, poor appetite, impure blood and general nervous break-down.

The thing to do in such cases no longer troubles doctors and their patients who know from their own experience the value of Phosphated Iron. They know that a few weeks' regular use of this nerve food and red blood builder will strengthen and brace up the whole nervous system, because Phosphated Iron gives the tired, hungry, worn out nerve cells phosphates and iron, in a form easily and quickly absorbed; as one happy user said: "You can almost feel it taking hold of the nerves and blood, after a short time you feel like a new person; life seems a pleasure and worth living once again."

In every section where Phosphated Iron has been used there has been a big decrease of nerve troubles and it will prove a welcome relief to any sufferer. You can bank on it for results—it's pure.

To insure physicians and their patients getting the genuine Phosphated Iron we have put up in capsules only, do not take pills or tablets. Insist on capsules.—PITMAN & WELSON and leading druggists everywhere. Rushville, Ind.—(Adv.)

Personal Points

—Mr. and Mrs. John McCoy will be the guests of friends in Morristown this evening.

—Miss Margaret Harrison of Connersville was the guest of relatives in this city last night.

—Miss Carla Doran has gone to Shelbyville for a few days visit with friends and relatives.

—Mr. and Mrs. H. E. Hill have gone to Brookville to spend the remainder of the week with relatives.

—Mr. and Mrs. Charles Houston of Dayton, O. are visiting Mr. Houston's sister, Mrs. W. O. Feudner, today.

—Miss Mary Ellen Carroll has gone to Chicago where she is attending the Gossard Salesmanship school.

—Miss Brenda Kinsinger has gone to Monona Lake, Wis., where she will spend a month with a party of friends.

—Miss Nettie Clark has gone to Muncie for a short visit with friends and to attend the Psi Iota Xi convention.

—Mrs. William Sweetman and children of Chicago have come to visit Mrs. Celia Hayse and family of Raleigh.

—Walton and John Scott of Indianapolis have come to spend the week with Mrs. Mary Walton in East Sixth street.

—Mr. and Mrs. Fred Jackson have returned from Terre Haute where they spent a few days, visiting relatives.

—Dr. and Mrs. Carl Beher and son William spent the day in Carthage the guests of Mr. and Mrs. J. Hooker Wilson.

—Mrs. L. L. Allen and family have gone to Greencastle where they will spend a few days, visiting friends and relatives.

—Mr. and Mrs. George Dayton and daughter of Indianapolis came last night for a visit with Mr. and Mrs. Harry E. Reed, west of the city.

—Mrs. Frank Newland and son James, who for the past week, have been visiting Mr. and Mrs. W. R. White and Mr. and Mrs. Alf Fry and family, of Sexton, returned to their home in Georgetown, Ohio, this morning.

—Mrs. Alson Gilmore and sons, John, Tom, Francis, and Paul, of Chicago who have been visiting Mr. and Mrs. John Kelly in West First street, have returned to their home, Howard Kelly, who was attending school in Chicago, accompanied them home. Mrs. Gilmore was formerly Miss Anna Mosier of this city.

BUSINESS HOUSE IN CARTHAGE LOST

Continued From Page 1
guished. The room occupied by the hardware store belongs to Al Newsum. A garage across the alley in the rear of the building was saved.

The loss to the owner of the building is estimated at \$3,000 and Mr. Rhodes' loss is believed to be in the neighborhood of \$500. The total loss is partially covered by insurance.

The fact that Carthage has an auto fire fighter is probably responsible for the loss not being much greater. But for it, adjoining buildings would probably have been destroyed.

Carthage suffered severely from a fire loss last winter when a half block of business houses burned down.

Days Pickings

That some law abiding motorist is suffering great inconvenience because of a missing license plate was evident yesterday when a plate which was found in Julian street, was taken to the police headquarters to await identification. The plate number is 81,391.

—Mrs. A. L. Yakey who recently underwent an operation for the removal of her tonsils, has recovered from the operation.

Foresighted Women Will Take Early Advantage of These Prices

We lower prices on all of our Coats and Suits right now while their season is at its height. It is near the end of our selling season, but that will not interest you as much as the fact that you may save considerable money on garments that you will wear for months to come.

Even though these prices are extremely low, you may be sure that the garments are in every way up to the standard of newest fashion, of invariably high-grade materials and of most thorough workmanship.

We list below some of the prices so that you can see the proportions of saving:

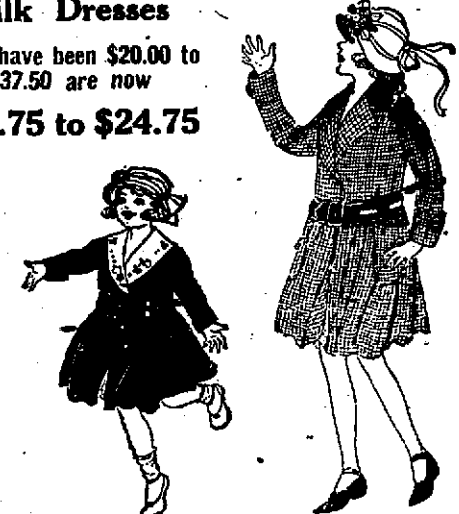

Women's Coats	Misses' Coats	Women's Suits	Silk Dresses
That began the season at \$20.00 to \$50.00 are now \$13.95 to \$34.75	That were \$11.00 to \$25.00 drop to \$8.25 to \$18.75	Heretofore \$30.00 to \$57.50, are newly priced \$22.50 to \$32.95	That have been \$20.00 to \$37.50 are now \$13.75 to \$24.75

Garment styles this season have been such that their usefulness in future seasons will continue, making these reductions of particular importance to thrifty, forshanded women.

THE VALUES ARE HERE — TAKE PROMPT ADVANTAGE.

A good bye to the Kaiser

WILLARD HENSLEY IS KILLED IN ACTION

Message Bringing News of Death Contains No Information About Time or Place it Occurred

NATIVE OF MORRISTOWN

Lieut. Willard Hensley has been killed in action, on the battlefield in France, according to word received by Mr. and Mrs. John McCoy last night.

The time of death and the incidents surrounding it were not contained in the message which carried the news from the war department. The message merely stated that Lieut. Hensley had been killed in action.

Prior to his entrance into the United States military service Lieut. Hensley had made his home with his widowed mother who resides in Morristown. He was a native of Morristown and was well known in this city. The young man has been actively engaged in France for several months and was stationed in the same sector as that in which Thomas Saunders, a marine of this city is located.

THE S. O. S. FROM "OVER THERE"

"This is not only a country of opportunity, but a country of obligation."

Next Friday has been made National War Savings Pledge day. On that day the Rush county quota of \$386,000 worth of this ideal security must have been pledged. The campaign for pledges is now on.

That is the obligation which we face as citizens.

It is a cry of humanity that must be answered for it means support of the S. O. S. that comes from "Over There."

That S. O. S. is that we Send Over Soldiers, Send Over Shells, and Send Over Sympathy.

The time has come when we can no longer stop to think before we decide to go over the top.

What if the man in the trenches should stop to think after he got the order?

What if he should stop to think whether he could afford to run the risk of spending his life in that charge?

What if he should mull over the question of whether it wasn't some one else's turn to sacrifice?

The advantage the man in the trenches has over you and the rest of us is that he has cast himself wholly into the war.

He has made his peace with God.

He is ready to answer the command to go over whenever it comes.

He loses none of the fine thrills and inspiration that comes of instant obedience to the command of duty.

When the order comes he is on his toes and over he goes.

The time has come in Rush county when every man, woman and child must sacrifice to divert all of their means possible to the purpose of this government loan.

It is only a loan after all, not really a sacrifice, but a blessed privilege, because it is for the right.

Ask any mother who has a boy "Over There" how much you should pledge for the protection of that boy, and when she answers "the limit," ask your conscience if she is not right.

The people of Rush County can do no more gracious thing just now than heartily commend this movement and support it.

ed the enemy retreat until only 18 men remained unrounded then they surrendered. The commander shot himself.

The Italian booty includes several enemy batteries, hundreds of machine guns and thousands of soldiers.

The body of Maj. Barrata, the Italian aviator, was found at the foot of Montello crest beside his ruined machine. He had committed suicide to avoid capture.

Yankees Take Belleau Wood

With the American Army on the Marne, June 26.—The Americans took the remainder of Belleau wood last night. The German losses in killed and wounded were heavy. They also lost at least 221 prisoners, including a captain and 6 other officers. The Americans captured many machine guns.

They attempted to hold the wood by fierce fighting.

Our success resulted from heavy shelling all day Tuesday, followed by an attack at five o'clock. An hour and a half later, the enemy at-

tempted to leave the wood. They were swept by machine gun fire, many being killed or else surrendering.

At daybreak Frank Leannart, of Chicago marched into headquarters with 78 German privates and five officers, all of whom surrendered voluntarily.

This incident does not indicate the general nature of the fighting, which was desperate. It lasted until midnight when the Americans, aided by German prisoners, had dug in to maintain their gains and an American unit on the right forced

its way north to the point of the woods, strengthening the line.

ON WAY TO AMERICA

London, June 26—Alexander Kerensky, former Russian minister, who arrived in London some time ago, was reported today to have left for America.

Soldiers of the Soil

The work of growing food is next in importance to that of fighting in the trenches.

Not only has civilian production been vastly stimulated in all of the allied countries, but much military cultivation of land has been undertaken.

In England every military camp and every German prisoners' camp is engaged in military agricultural operations. Soldiers are cultivating 50,000 acres behind the lines in France, 7,000 acres in Salonika, about 700,000 acres in Mesopotamia and large areas in Egypt, Palestine and Cyprus.

It is estimated that Mesopotamia will total 25,000 tons of wheat and 100,000 tons of barley from this military cultivation. To accomplish this there have been tractors, threshers and hand implements sent from India and Australia, as well as from Great Britain.

At Salonika there are now growing 2,100 acres of barley, 500 acres of wheat, 700 acres of potatoes, 2,000 acres of corn and 1,700 acres of other crops.

These soldiers are growing food to help feed themselves. They know that the less food they have to get from the outside world the more ships will be available to bring men and ammunition. And the more of that outside food they can get from America, instead of from remote lands such as Australia and New Zealand, the more ships will be saved for the shorter haul between Europe and our own shore.

That is why the civilians of this country must do their part in food production. Every man, woman and child who shares in the planting or hoeing or gathering this summer—whether on a farm or in a back yard—is a loyal soldier of the soil and his work is second in importance only to that of the soldiers in the trenches.

What Fools These Mortals Be

The New York Sun prints some vastly amusing communications, doubtless with a view to the gaiety of a war-burdened public. One correspondent wrote the other day that dogs ought to be abolished because they "cause vast injury to health by barking" as well as by carrying disease germs. The same correspondent objects to an American army of five millions because that would mean "no wool at all for civilian use for a year," the general use of cotton for a while at a pinch, if necessary to win the war not having occurred to him as humanly possible. Another correspondent writes: "I was told the other day that it was a criminal offense to tell the truth about Wilson. Is this true? While I know that Wilson has more power today than the Kaiser or any king on earth, I did not think that we had been Germanized to such an extent."

Regarding this particular bit of foolishness important enough to answer the smiling Sun, I advise the writer that he has been misled, adding: "We can inform our apprehensive correspondent that this newspaper is continuing, as usual, to express approbation or administer criticism according to its honest opinion of the president's qualities and performances. We may add, in strict confidence, that to the best of our knowledge and belief President Wilson desires no other treatment from any senator or representative, from any newspaper, or from any loyal and candid citizen." The Sun might well have added that he is to be pitied who lends a serious ear to all that he is "told" by some masked pro-German or some chattering addled-pate in these times.

REAL WAR TROPHY IS RECEIVED FROM SAMMY

Joseph Irvin in Artillery Service in France Sends Vase Made From Shell

WORKMANSHIP IS ARTISTIC

The first real trophy of that phase of the war in which the Rush county boys are participating, has been received by Mr. and Mrs. James Irvin of Arlington from their son Joseph Irvin, who is actively engaged with the Rainbow division.

A real "made-in-Holland" shell which missed its mark after being sent across No-Man's Land into the American lines, was made into a unique vase under the direction of the Rush county Sammy and sent to his parents as a souvenir in remembrance of his first months in the battle.

The vase which is displayed in the window of the Bliss and Cowing clothing store in North Main street, is about fourteen inches long and has been hammered into a most artistic piece. A spray of flowers is coiled about the body of the article and in the center the French cross of honor, the symbol of gallantry in action, has been carved.

The vase was made from a seventy-five millimeter shell, according to Young Irvin, who is serving somewhere along the western battle front with Battery F of the 150th regiment of artillery.

per is continuing, as usual, to express approbation or administer criticism according to its honest opinion of the president's qualities and performances. We may add, in strict confidence, that to the best of our knowledge and belief President Wilson desires no other treatment from any senator or representative, from any newspaper, or from any loyal and candid citizen." The Sun might well have added that he is to be pitied who lends a serious ear to all that he is "told" by some masked pro-German or some chattering addled-pate in these times.

Our soldiers are really in it seriously at last, and they appear to be astonishing their foes as well as delighting their friends. "The new exploit following the victory at Cantigny," says the Paris Petit Journal, "is added proof of the valor and magnificent ardor with which our American allies are endowed." No doubt they are worthy of the great cause and will do their country honor.

A submarine base in Mexico probably and one or two on our own coast quite possibly. Some sort of German fishing-club at a remote point to which fuel is carted in camouflaged of beer and delivered to the U-boats stealing up under the cover of night—why shouldn't it be feasible until everything on the shore line from Maine to Texas receives careful inspection?

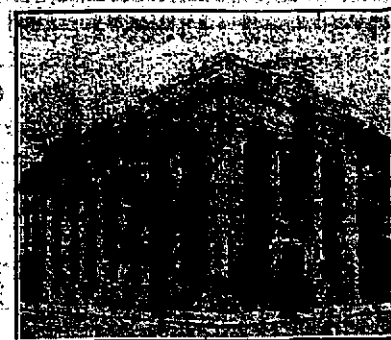

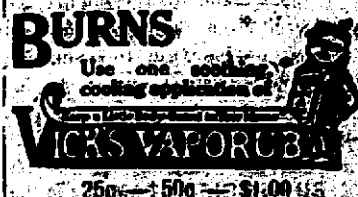

According to Prof. Rohrbach, German historian, "Russia is now a mere geographical conception and nothing more." Yet there is some substance in its wheat, coal and iron the Huns have seized as well as in its man-power which they are already employing for military purposes through slave-driving methods readily to be imagined.

The Germans claim the capture of several American surgeons. The German surgeons the Americans want to capture are the fellows who practiced cutting on civilian old men, women and children who were in no need of medical attention.

Lieut. Irving Wood, who was engaged and received a thigh wound, likens the capture of Cantigny to "a football rush, only less rough." If football is rougher than taking a town from the Huns, it's pretty good preparation.

DIVIDED ON PROHIBITION

Daniels and Burleson Entertain Different Views

(By United Press.)
Washington, June 25.—Cabinet members are divided on the prohibition question. Secretary Daniels standing for prohibition and Postmaster Burleson against it.

Daniels contended that the efficiency of the navy yards has increased where prohibition was adopted.

Burleson said it would delay the successful prosecution of the war. "Nothing should be done to diminish the energy of the people," declared Daniels.

LABORERS AND SOLDIERS

Train on C. I. & W. Carries Men to Camp Sherman and Norfolk, Va.

A troop train carrying laborers and soldiers passed through the city yesterday, traveling eastward. Two coaches of laborers who were included in the train were enroute to Chillicothe, O., where additional construction work is being done at Camp Sherman. The remainder of the train made up of infantrymen were enroute to a training camp near Norfolk, Va.

—Mrs. Allan Biber, of Newcastle came today to visit friends and relatives in this city for a few days.

GOODRICH PLACES

O. K. ON FOOD BILL

Rep. Elliott's Measure Allows Farmers Two Cents Per Bushel Per Month on Stored Wheat

MINIMUM CARRYING CHARGE

Will Reimburse Farmers for Costs of Storage Interest Charges and Insurance

Washington, D. C., June 26.—Governor James P. Goodrich of Indiana in a letter addressed to Rep. Richard N. Elliott of the sixth Indiana district has endorsed Elliott's bill amending the food control law, allowing farmers two cents per bushel per month on wheat that farmers are required to store when the railroads are unable to move it.

Governor Goodrich in his letter points out that the Food Administration has been allowed the elevators of the country two and a half to two and three-fourths cents per bushel per month to cover interest, insurance and shrinkage and he thinks the farmers are just as much entitled to the same carrying charge for their wheat.

Rep. Elliott in drafting his amendment to the Food Control law fixed two cents per bushel per month as a minimum carrying charge, at the time not being aware of the fact that elevators were receiving a higher carrying charge from the Food Administration.

The carrying charge the Food Administration now allows elevators is not, in Governor Goodrich's opinion, and unreasonable one, "as the interest alone is more than one cent a bushel per month, and I feel certain the shrinkage for the first three months after thrashing will be fully as much more, and to this you must add insurance and extra cost of handling."

Continuing, the Governor writes: "I can see no reason why the farmers should not be allowed the same carrying charge for his wheat as is allowed to the elevators and millers of the country, provided that the farmer will advise his local food administrator that he has a certain number of bushels of wheat ready for delivery and agrees to deliver it at any time upon notice of the government's desire to have it delivered. This will remove the financial strain from the banks of the country. It will also prevent the congestion of traffic that is certain to follow the thrashing of our enormous wheat crop and will allow the grain to come out as is needed by the country and our allies."

"Unless some action of this kind is taken the farmer will be unjustly discriminated against. Those that thrash early and deliver their wheat promptly will be paid the government price but with congestion that inevitably follows those who cannot thrash and deliver their grain promptly will be compelled to sell their grain at a later date at the same price, thereby losing the use of the money by being compelled to stand the shrinkage, cost of insurance and additional handling."

Rep. Elliott's amendment to the Food Control bills provides that if the farmer is unable to dispose of his wheat at his local market when offered for sale by him, by reason of the inability of the railroads to move it, and the farmer is then compelled to store his wheat until it can be moved, he shall be allowed, in addition to the price fixed by the President, an extra two cents per bushel per month to reimburse him for costs of storage, interest charges, insurance premiums, shrinkage and any other loss or damage which may be occasioned.

REPORT AT COURT HOUSE
The chairman of the county War Savings stamp drive has requested that all Rushville township canvassers report their subscriptions to Knowles Casady and Chase S. Brooks in the sheriff's office. Because of the numerous reports which are being made to the county chairman from the out townships, the Rushville township reports will be handled more effectively from this office.

BUY THRIFT STAMPS

BOARD CLASSIFIES

PRIORITY POLICY

General Classification Affecting War Industries Is Made Known by the Board

FOR CONSISTENT ACTION

Complete List of Production Supplies as They Will Be Issued Is Made by Committee

The general classification of priority policies affecting industries has been made known by the war industries board, according to a statement received by the County Council of Defense. The policy which has been adopted is for preference treatment of shipments, according to the new construction.

As this board is composed of authorized representatives of the government agencies principally concerned with war industries and supplies, it is not only peculiarly fitted to determine general principles and define basic rules which shall govern priorities of production and delivery of materials, equipments and supplies, but also, as pointed out by the president, its composition insures "common, consistent and concerted action" in carrying such determinations into effect.

For the guidance of all governmental agencies in the production, supply and distribution of raw materials, finished products, electrical energy, fuel, and transportation by rail, water, pipe lines and otherwise, the priorities board has adopted the following general classification of purposes demanding preference treatment:

Heading the list affecting war industries is the all important production of ships, including the submarine chasers and destroyers and shipments of raw materials for their completion will be given the right of way in every case. Material for aircraft building comes as a close second to the shipping program, after which munitions for military and naval operations are considered.

In fuel shipments the board has decreed that domestic consumption and manufacturing necessities will be considered. Foodstuffs for human consumption and plants handling same will be given preference to fuel for feeding stuffs for domestic fowls and animals and the plants handling their foods. The last named concerns to which fuel shipments are to be delivered are those making tools, utensils, implements, machinery and equipment required for production, harvesting and distribution, milling, preparing, canning and refining foods and feeds such as seeds of foods and feeds.

Products of collateral industries, such as fertilizer, fertilizer ingredients, insecticides and fungicides, containers for food and feed and collateral products, materials and equipment for preserving foods and feed such as ammonia and other refrigeration supplies, will then be considered for shipment, after which clothing for civilian population will be made.

At the end of the list comes railroads, and other necessary transportation equipment, including water transportation and public utilities serving war industries, army, navy and civilian population.

WILL ENFORCE RULE NO. 23

Food Administrator Is Instructed About Combination Feed Sales

With a view to permitting certain by-products of mill feed to seek their natural price level, the United States food administration, in a telegram received today by Dr. Harry E. Barnard, federal food administrator, directed that Rule 23, which forbids combination sales of food stuffs be enforced in regard to all sales of wheat feed in combination with other feed stuffs, whether by manufacturers to wholesalers or jobbers or by the latter to retailers or by retailers to consumers. This rule, it is added, is not to be interpreted to prevent a dealer or consumer from purchasing an assorted cur of feed. Notice to this effect has been sent to county food administrators by Dr. Barnard, and the Feedings Stuff section of the federal food administration is giving special notice to the trade.

ONE MAN OPERATES BOTH

You Ride the Tool — Not the Tractor

See how the operator of a Moline Universal Two-Wheel Tractor sits on the seat of the implement just as he would if he were driving a team. You know you couldn't ride your horses and do a good job of cultivating, plowing, drilling, mowing or any other kind of farm work. Neither can you do it with a tractor. With the Moline Universal Tractor you sit where you can watch the work the implement is doing. You simply guide it with the steering wheel—easier than you can guide a team—everything is right at your finger tips with plenty of power. You can work as many hours as you wish in all kinds of weather—on all kinds of jobs.

ORIGINAL MOLINE 2 WHEEL UNIVERSAL TRACTOR

Does All Farm Work Without Horses

- It is heavy enough to do all farm work, yet light enough to work on soft plowed ground without packing the soil.
- It will cultivate as well as plow.
- It will do your discing, harrowing, planting, mowing, haying, harvesting—in short, anything you can do with horses and all belt work on the average farm.
- It will do all this easier, quicker, cheaper than with horses.
- It pulls the load of 5 horses and furnishes 10 to 12 horse power on the belt.
- It is made and backed by one of the oldest, strongest, most dependable farm implement companies in the world, and built in the largest tractor factory in the world.
- It is the only tractor which will do all farm work without horses.
- It is low in first cost and inexpensive to operate.

Emphatically Asserts Worn Out, Lagging Men Can Quickly Become Vigorous and Full of Ambition

7 A DAY FOR 7 DAYS

Don't blame the man who is perpetually tired; his blood needs more red corpuscles and his brain and nerves are craving for food.

Given the right kind of medicine, any tired-out, inactive, lagging fellow can quickly be made into a real live, energetic and even ambitious man.

So says a student of the nervous system who advises all men and women who feel worn-out and who find it hard to get up ambition enough to take a regular job to get a package of Bio-feren at any drugstore.

This is the new discovery that pharmacists are recommending because it is not expensive and speedily puts vigor and ambition into people who despair of ever amounting to anything in life.

People whose nerves have been wrecked by the rapid living, too much tobacco or alcohol, have regained their old-time confidence and energy in less than two weeks.

No matter from what cause your nerves went back on you; no matter how run down, nervous or tired you are, get an original package of Bio-feren at once. Take two tablets after each meal and one before bedtime—seven a day for seven days—then one after each meal till all are gone.

Then if you still lack ambition, if your nerves are not steady and you haven't the energy that red-blooded, keen-minded men possess, your purchase money will be gladly returned.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Leafthine, Calcium Glycophosphate, Iron Peptonate, Manganese Peptonate, Ext. Nux Vomica, Powdered Gentian, Phenolphthalein, Oresatin, Capsicum, Kola.

Society

The regular meeting of the Psi Iota Xi sorority was held last night at the home of Miss Gladys Tittsworth, in North Main street, with Miss Marian Tittsworth as assisting hostess. Officers for the coming year were elected, and the annual report of the chapter to be submitted at the convention of the sorority, which will be held in Muncie tomorrow, was prepared. Miss Leah Flint, delegate to the convention, Miss Helen Scudder, who is grand treasurer, and Miss Nettie Clark, will leave tonight for Muncie, where they will attend the various sessions of the meeting tomorrow.

A party of Rushville and Homer people motored to Flatrock Cave near Shelbyville, yesterday and enjoyed an all-day picnic. The picnickers included Mr. and Mrs. Glen Miller of east of Rushville, Mr. and Mrs. Clayton Billinger of near Homer, Mr. and Mrs. Earnest Cummins and daughter Mable Fay of Homer, Mr. and Mrs. Wilbur Jackson and son, Mr. and Mrs. Lon Abernathy of Homer and Pon Miller.

The members of the O. N. T. club were entertained by Mrs. Sam Young at her home in North Perkins street yesterday afternoon. Red Cross knitting and various kinds of sewing occupied the time during the pleasant meeting, and at the close of the afternoon, light refreshments were served by the hostess.

A party, composed of Mr. and Mrs. R. E. Mahin and daughter Faye, Mr. and Mrs. Wash Gosnell and daughter, Ethel, Mr. and Mrs. Sylvia Headlee and son Russel, and Basil Willey, motored to Cincinnati, Sunday. While enroute, the guests enjoyed a picnic dinner, served at noon.

Mrs. Susan Tingley entertained

Doctor Prescribed Vinol Tells What to do to Regain Strength After Sickness

New York City.—I am a professional nurse—the grippe and bronchial pneumonia left me with a cough and in a depleted, anaemic condition and no appetite. I cannot take cod liver oil in any other form than in Vinol and in a short time after taking it my appetite improved, my cough left me, I gained strength and weight. That is why I recommend Vinol to others.—Miss E. M. Walker, R. N., 35 W. 38th St.

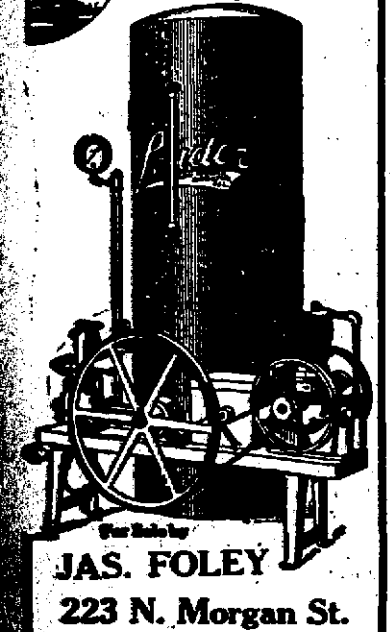

It is the Beef and Cod Liver Peptonates aided by the iron and manganese peptonates and glycerophosphates contained in Vinol which makes it so wonderfully successful. F. B. Johnson & Co., and Drug-gists Everywhere.—(Adv.)

PRIZES AWARDED IN BABY CONTEST

Doris Crum Takes First Place in Contest, Showing Best Record in Both Examinations

INITIAL EVENT A YEAR AGO

Prizes to Boys and Girls Are Offered by Four Banks of City—Whooping Cough Figures

Doris Crum, twenty-nine-months old daughter of Mr. and Mrs. Norman Crum of 636 West Seventh street, was awarded the first prize in the baby contest here, the last phase of which was held in connection with Child Welfare week.

The contest which closed June 12 with the re-examination of the children who entered the contest in April, 1917, was for the purpose of discovering the greatest percentage of gain made in each case during the months elapsing between the two examinations. The prize of five dollars which was awarded to Doris Crum was for the child, either boy or girl, showing the best record in both examinations, and was offered by the Child Welfare association. Of the sixty-five children entered in the initial event of the contest more than a year ago, forty were re-examined in the final examination. The loss of twenty-five contestants was due to a great extent, to the epidemic of whooping cough which is prevalent through the city. Many of the children were suffering from the disease and were unable to re-enter the contest, while in other cases the families of the children previously entered had moved away from the city.

The contest was under the direction of the Child Welfare association and in this city was directed by the Woman's Federated clubs, with Mrs. Blanche Abercrombie directing the work. The ranks of the girl contestants were higher in percent than the boys, although in one case the percent of gain among the boys was the greater.

Lucy Helen Webb, daughter of Mr. and Mrs. William Webb of this city, was awarded first prize for the girl entry making the greatest per cent of gain. In the contest in 1917 the child ranked 93.5 per cent and in the recent examination 97 per cent, showing a gain of 3.5 per cent. The prize which was offered by the Rush County National bank, was a purse of five dollars.

A tie for second place resulted in the tallying of the cards of Janet Mauzy, daughter of Mr. and Mrs. Hugh Mauzy, and Jessie Staida, daughter of Mr. and Mrs. Ernest Staida of rural route seven. Both children registered 94 per cent at the first examination and 96 at the final, and as a result the purse of \$2.50 offered by the Rushville National bank as a second prize to the girl contestant was divided between the two children.

Roy Waggener, son of Mr. and Mrs. Roy Waggener, was awarded first prize for making the greatest per cent of gain among male children entered in the contest. The comparison of his record at the first contest where a per cent of 89.5 was tabulated and that of 98.5 at the most recent examination, disclosed a gain of nine per cent, which was the greatest gain of any contestants either boy or girl. A purse of five dollars was the prize awarded by the Peoples National bank.

The second prize of \$2.50 offered by the Farmers Loan and Trust company was taken by Walter Jesse Myers, son of Mr. and Mrs. William Myers of rural route seven. The child showed a gain of one and five-tenths per cent, the examination a year ago registering 94.5 and the more recent one 96 per cent.

County Chairman. 7. Appointing a committee of five, of whom the presiding officer and secretary shall be members, to compile a list of property owners, wage-earners, tax-payers and others included in the call who are not present at the meeting, and who have not previously filled out and delivered pledge cards to authorized solicitors or W. S. S. representatives. This list is to be prepared as soon as possible; the original, signed by the committee, is to be sent to the State Director and a copy filed with the County Chairman.

Demonstrate Substitutes This Week

Miss Reba Smith of the Purdue Extension Organization Will Conduct Demonstration in the Court House Friday and Saturday for the Purpose of Using Substitutes.

Mrs. Burl Matney of New Salem, chairman of the Woman's Economic club of Rush county, has made plans whereby the two days demonstration which will be held in the court house on Friday and Saturday of this week, will bring about effective results among Rush county cooks.

Under the direction of the Home Economics organization of Rush county, Miss Reba Smith of the Purdue Extension society will conduct a two days domestic science demonstration here, the last of the week. In view of the many substitutions made necessary by restrictions in the uses of various foods, the art of cooking has become more difficult during the recent months and Rush county women are awaiting the demonstrations in anticipation of making their cooking difficulties less.

Two sessions will be held daily; one each morning and one each afternoon. The use of substitutes will be discussed and demonstrated primarily, after which the topic of canning and the use of sugar for the greatest advantage will be explained.

Red Cross Notes

The members of the Dr. Gilbert Sunday school class of the Main street Christian church will sew at the Red Cross headquarters tomorrow afternoon. A good attendance is desired.

Mystery Drama of Love

"Dodging a Million." In which Mabel Normand and Tom Moore are the stars, will be repeated at the Princess tonight, having been shown last night when, "The Clever Mrs. Carfax" failed to arrive. In addition the usual Pathic weekly will be shown. Thursday Enid Bennett will be here in "The Keys of the Right-Cons" and Marguerite Clark will appear Friday in "Rich Man Poor Man."

"Dodging a Million" is a mystery-drama of love, thrills and laughter. It was written by Edgar Selwyn, the famous dramatist, and A. M. Kennedy. Arabella Flynn a dresser in a modiste shop, is notified that she has inherited the fortune of a wealthy aunt who lives in Guatemala, and is given by a firm of lawyers, a check for \$800 and three trunks that she is to open one after the other on consecutive days.

She moves promptly to the most fashionable hotel in the city where she begins a romance with Jack Forsythe, handsome son of the corset king, who heretofore has been unable to find a girl who would take him seriously because of his father's business. She finds herself unable to spend her \$800 check because her fame as an heiress has preceded her, and tradesmen insist that she do business with them on credit.

The three trunks contain a quantity of paste jewelry to give her an idea of what the real collection of her aunt looks like, some old fashioned clothes, some poison in case, she should find her lover untrue and instructions to buy herself lots of diamonds and pretty gowns.

Then the lawyer's clerk learns that he has made a mistake and should not have given Arabella the \$800 check. His frantic efforts to regain possession of the check stir the tradesmen and they demand their money, only to learn that Arabella has none.

campaign was inaugurated in a meeting held at the Arlington Christian church Monday night. The Rev. Mr. Westhafer presided over the meeting, and the congregation led by B. F. Miller, of Rushville, sang a few patriotic songs. The Rev. L. E. Brown of the Main Street Christian church of Rushville, delivered the main address and made a stirring appeal for whole-hearted co-operation in the campaign. John Tisworth of Rushville was also present, and discussed plans for conducting the drive. Mrs. J. M. Eaton, chairman of the committee, reported four \$1,000 subscriptions already and that several smaller ones were probable. The general consensus of opinion was that little difficulty would be experienced in reaching the quota by Friday night.

—Mr. and Mrs. Bert Wallen of Indianapolis have been spending a few days with Mrs. Mary Walton, in East Sixth street.

CARS PARKED IN WHEAT LAND

Washington, June 26.—Arrangements are being made to take care of the necessary requirements for box cars for moving wheat with reasonable promptness, according to advices received by the department of agriculture from the railroad administration. The box-car situation is reported to be better at the present time than it has been at any period within the past three years. On May 1 box cars began to move into wheat territory and wheat-erying roads are expected to have on their lines more than the normal

amount of box cars owned by them. Cars are being parked in wheat-loading territory which it is pointed out was impossible last year. The railroad administration says that it will continue to move cars to wheat-loading territory as long as there is any indication that additional cars will be needed. Through co-operation with the food administration, grain corporation officials are confident that congestion of wheat at the seaboard will be prevented.

Hammond, Ind., June 26.—Testing before a coroner's jury, Conductor Johnson of the Michigan central train which struck the Hagenbeck-Wallace train, swore that Engineer Con Sargeant told him he was looking at the time of the wreck. Sargeant was brought here and is in custody of an officer. He refused to testify on advice of his attorney who claimed a right to refuse on grounds that he is formally charged with manslaughter.

SENATOR WATSON TO SPEAK AT RICHMOND

Will Deliver The Address at Fourth of July Celebration Which Will be Held There

FIRST WAS TO GO TO KENTLAND

Richmond, Ind., June 26.—Senator James E. Watson will be the principal speaker at the Fourth of July celebration in Richmond.

The appearance of the Indiana statesman was assured in the following telegram received by W. W. Reller, chairman of the Wayne county council of defense:

"Owing to complicated management the meeting at Kentland July 4 has been called off. If your arrangement at Richmond is not complete I can come. Please wire quickly as I have other invitations. James E. Watson."

Mr. Reller immediately sent a telegram to Washington accepting Senator Watson's promise to speak at the Fourth of July celebration.

Senator Watson was the first speaker who the general committee tried to secure for the celebration, but owing to a previous engagement at Kentland, Ind., Mr. Watson said that he would be unable to come here.

Richard Lieber, of Indianapolis, a prominent business man and a member of Governor Goodrich's military staff, will also speak here. His subject will be "German Democracy."

An American Red Cross canteen worker in France recently shattered all records in France by serving 265 meals in two hours and a half, or an average of one meal every thirty-four seconds.

MILROY WINS THE DISTRICT BANNER

Victorious in Epworth League Contest Which Closes at Annual Convention Now Being Held

RUSHVILLE PLACES SECOND

Meeting Was to Close This Afternoon After the Installation of Officers And War Session

The district Epworth league banner for which there has been a great rivalry during the six months contest, was awarded to the Milroy league yesterday when the counting of contest points disclosed the fact that the winning league had scored 6,724 points.

Professor W. E. Waggoner was re-elected district superintendent of the Connersville district at the business session which was held this morning. George Wiltse of this city was elected first vice president; Mrs. Favors Lower, Pleasant Ridge second vice president; Miss Hazel Moore, Liberty, third vice president; Miss Clara Houseworth, Centerville, fourth vice president; Miss Emma Terhune, Milroy, secretary; Ophir Kipple, Brookville, treasurer; Mrs. George Hogsett, Rushville, war secretary and Miss Myrtle Williams of Laurel, junior superintendent.

The Rushville league scoring 5,887 points was awarded second place in the contest, the Connersville First church third place with 2,985 points and the Connersville Grand Ave. church fourth place with 2,832 points. Twenty-one different items were taken into consideration in the contest, taking in every phase of the league work.

That the Rushville and Milroy organizations, each of which worked hard for the banner, were the best balanced of any of the contesting leagues was evident from the large number of points which were recorded, taking in every phase of the work.

The convention has been unanimously declared one of the most successful, both from the standpoint of attendance and interest in the league work, which has ever been held in recent years, and beginning with the initial session which was held yesterday afternoon at 1:15, the interest and enthusiasm in the work has not lagged at any of the sessions.

"Dollars and Sense in the Mission Fields" was the subject for last night's lecture which was delivered by the Rev. Irwin Richards who represents the Centenary Commission and was a former Methodist missionary to Africa.

Today's session was opened at six o'clock this morning with a prayer service at the church, which was led by George Wiltse of this city. The Rev. Clyde S. Black, pastor of the St. Paul's Methodist church here, delivered a short talk at the service which was attended by more than a hundred convention visitors.

The meeting closed this afternoon with the installation of officers which followed a war session, including an address by Alfred Hughes of Evansville.

ROBBERS VISIT SPICELAND AGAIN

For Second Time Business Houses Are Broken Into But Little of Value is Missed

HOME TALENT IS SUSPECTED

Nelson Covey Held For First Series of Thefts—Officers Are Investigating

Spiceland, Ind., June 26.—For the second time within a period of less than two months, the Alton Evans department store here has been broken into and robbed. This time the postoffice and drug store of Clyde Smith were included in the list of places broken into. Very little of value was taken from any of the three places. The robberies occurred Monday night and were discovered yesterday morning, when the stores were opened for the day.

Entrance to the Evans store was gained by smashing a section of a large plate glass window. An invoice may be necessary to make certain the extent of the robberies. The only thing of value found missing at the Evans store was a camera. A small amount of change and a watch were taken from the Smith drug store. Entrance here was gained by removing a glass from the rear door. The postoffice, which is directly across the street from the Evans store on the north, was entered through a rear window. Only a few pennies were taken from the office.

The authorities believe that it was the work of home talent and that money was the main object. Many valuable articles could have been taken from both the Evans and Smith stores, but the robbers apparently did not bother the stocks of merchandise, after failing to obtain money.

The Alton Evans store was robbed on the night of April 30, something like \$1,000 in silks and dress goods being removed from the store. Nelson Covey is now in jail awaiting trial on the charge of robbing the store. Officials were inclined to believe that the robberies last night were made for the effect of showing that Covey was not implicated in the first robbery. Deputy Sheriff Yost and Prosecutor Brown were here investigating. At the time the Evans store was first robbed his was the only place entered. No one heard the robbers Monday night.

GAINS PROMINENCE AS A PIANO DEALER

Byron Mauzy, Formerly of This City, "Among Those Mentioned" At Convention in New York

IS ACTIVE IN CIVIC AFFAIRS

Contained in a group sketch of some of the retail piano men of America, who attended the recent convention in New York, is a picture of Byron Mauzy of San Francisco, formerly of this city. The fact that he has attained a wide reputation as a piano dealer is attested to by the following mention he receives in a story about the convention in the New York Evening World:

Seated at one of the tables, bright with silver and linen lights, but brighter still with the bloom of beauty, was Byron Mauzy, the piano merchant of San Francisco. For 33 years, Mr. Mauzy has been known to musical fame in the City by the Sea and the Golden Gate. He was always interested in civic affairs, and was once a Supervisor and again a Director of the Merchants' Association of San Francisco.

Now he confines himself to directing the sales of the Sohmer and the Chickering. Accompanying him was his daughter, Miss Marjorie Mauzy, a product of the Golden West, and the most beautiful girl in the banquet hall.

MAY ADDRESS AUSTRIANS

Washington, June 26.—President Wilson will speak at Washington and Mount Vernon on July 4. While no information was forthcoming at the white house it was indicated that the speech would be a letter to the people of Austria and similar oppressed nations to break away from Germany.

PASTE the KAISER WITH W. S. S. ON June 28th

Paste him in the eye with a War Savings Stamp—then paste him again and again. Don't think that you have already done your duty. Pershing's men "over there" don't go home after their first battle—they go after the Huns again—they keep on pasting the Kaiser.

Your government has officially set Friday, June 28th as

National War Savings Day

On that day every American is asked to "sign the pledge"—to invest in a definite amount of War Savings Stamps each month. Every real American will prove his patriotism by agreeing to regularly paste the Kaiser.

W. S. S. cost \$4.17 in June

Worth \$5.00 on Jan. 1, 1923

Be ready to "sign the pledge" on June 28.

Paste the Kaiser With War Savings Stamps.
